EXPERIENCE

Junior Web Developer

November 2023 – August 2025

AR SOFT

Dallas, Texas, USA

- Collaborated with project management, and deployment teams to ensure smooth project delivery.
- Debugged and fixed frontend errors, handled **API integrations**, and resolved performance issues.
- Contributed to feature development, code reviews, and frontend improvements in an agile environment.

Web Developer Intern

June 2023 – September 2023

Rev9 Solutions

Jhelum, Pakistan

- Explored and learned modern frontend technologies, including **React.js**, **Next.js**, and **Tailwind CSS**, while gaining practical experience in responsive UI development.

PROJECTS

Lineone | *Next.js, MongoDB, Cloundinary, Pusher, ContextAPI, Tailwind CSS, Shadcn.*

[\[Project Link\]](#)

- Developed a full-stack social media platform with core features including posts, likes/dislikes, follow/unfollow, media uploads, and ephemeral story uploads.
- Implemented real-time private and group chat and secure authentication using NextAuth.

Healix | *Next.js, MongoDB, Pusher, Stream SDK, Tailwind CSS, GSAP, ContextAPI.*

[\[Project Link\]](#)

- Developed a full-stack hospital management platform with authentication and role-based access (Doctor, Patient).
- Implemented real-time chat and Stream video meetings between doctors and patients using Pusher.
- Built a lab test reports module where patients can view reports as cards, open full details, and download PDFs.

Furniture Store | *Next.js, Tailwind CSS, GSAP, ContextAPI.*

[\[Project Link\]](#)

- Built a full-featured ecommerce platform with product listings across categories such as Living Room, Office, Bedroom, and Decor. Implemented filtering by category and price.
- Integrated secure authentication with Clerk, enabling user sign-up, login.
- Developed a shopping cart system where users can add items, remove items, or clear the cart entirely.

DailyBook – Finance Management Website | *Next.js, Tailwind CSS, Shadcn, Recharts.*

[\[Project Link\]](#)

- Built a finance management platform to track customers, suppliers, and invoices.
